PRESS RELEASE
For Immediate Release

Controller Sensors LLC Announces Reduced Pricing

June 2012

June 21, 2012 – Eden Prairie, MN – Controller Sensors LLC (“Controller Sensors”), a Delaware Limited Liability Company, announced today, price reductions on all products with significantly improved competitiveness on the Series 880D 2-wire pressure transducer (transmitter) and Series 885D 2-wire pressure transducer (transmitter) with display.

After seven months in business and closely working with key suppliers, improving processes, quality control and inventory costs, we are able to provide our customers with a better value pressure transducer (transmitter) for their HVAC and medical applications.

For product and project quote requests, please contact the Controller Sensors sales team by phone at: +1.952.641.2355 or by email at:
sales@controllersensors.com
